Kitchens: floors and walls guide

Transforming spaces in kitchens,
front and back of house

Altro for kitchens – and beyond

With over 60 years’ experience in kitchen solutions, we understand all the challenges and changes in the industry. But we don’t stop there. We can provide hygienic floors and walls that can be used throughout a building - from front to back of house.

Let us help you achieve your design ambitions.

Altro are synonymous for safety and hygiene in kitchens. Yet when you cross the threshold into adjacent environments, you can continue your journey with Altro. We have robust and resilient solutions for back of house, and aesthetically vibrant floors and walls for dining areas and reception.

Our floors come in up to 56 colours, including wood-look, stone and textile designs, giving you a versatile colour palette.

Altro walls system are available in extensive colour and design palettes, including tile-effect and custom, bespoke design.

We work with you from inspiration to installation and beyond providing expertise to help you with specification. This can include conducting a full risk assessment, including Pendulum testing to HSE standards and liaising with all installers to manage your project and provide onsite technical assistance.

Our products have industry-leading guarantees and we provide technical support for the lifetime of the installation.

From start to finish, we have you covered. It’s all part of the Altro promise.

Quick turnaround

Unlike tiles, our floors and walls can be installed quickly and are integrated for a watertight transition between surfaces to prevent build-up of bacteria, mould and dirt. We also have adhesive-free floors for areas where downtime must be kept to a minimum and luxury vinyl tiles to create a great first impression.

Easy maintenance

Our products meet the durability and cleanability needs of all areas, reducing maintenance costs and keeping even front of house looking great for years to come.

Zoning

Altro floors and walls can be used for zoning, to distinguish different areas of the kitchen.

Specialist floor solution for kitchens

Designed exclusively for commercial kitchens, Altro Stronghold 30 adhesive-free minimises risk in wet and greasy conditions for the lifetime of the floor. Easy to maintain and repair, Altro Stronghold 30 adhesive-free can be welded and walked on the same day, significantly reducing kitchen downtime. Combine with Altro Whiterock for an integrated solution from floor to ceiling.

Did you know?

Altro's floor and wall product ranges have achieved Hazard Analysis and Critical Control Points (HACCP) International certification.

Altro for safety

Our kitchen solution offers a seamless surface around joints, fixtures and fittings, leaving nowhere for bacteria to hide. Altro Stronghold™ 30, our specialist kitchen safety floor, has the highest rating for safety (PTV≥55, R12) with common contaminants such as oil, flour and fats, reducing the chance of a slip to one in a million for the lifetime of the floor.

Altro Stronghold 30 can withstand temperatures from -30°C to +60°C and has 10dB for comfort underfoot and sound reduction in busy kitchens.

Save time, money and carbon with Altro Stronghold 30 adhesive-free - weld and walk on the same day with this 100% recyclable safety floor. Kitchen downtime can be halved by choosing Altro Stronghold 30 adhesive-free and you can even overlay existing flooring, meaning no need to prep the substrate.

Altro Whiterock has a Class B s3 d0 according to EN 13501. Altro Whiterock hygienic doorsets have fire resistance up to FD60.

Our system doesn't just protect the people who use it; it also protects the environment and those responsible for the health and safety of employees and visitors.

Altro for hygiene

Our surfaces are so tough they can be power washed and have excellent resistance against typical cleaning chemicals. So when you have a clean kitchen, you have a safe kitchen.

Altro: industry approved

Our kitchen solutions keep you safe not only from slips, but are HACCP-approved for commercial kitchen use, providing peace of mind post-installation.

Industry-leading slip resistant values for floors with contaminants. Please ask if you have special requirements.

Altro Stronghold 30 withstands from -30°C up to +60°C

Wall fire classification Class B-s3 d0; doors up to FD60

Easy clean and impervious – bacteria can't hide!
